

Chroma 2 WASHABLE

**INTENSE & OPAQUE
CLASSROOM PAINT**

**EASY
CLEAN UP!**

Australian
Made & Owned

A WASHABLE PAINT WITH INTENSE VIVID COLOURS!

Teachers usually expect washable paints to be weak and lack intensity. Our new Chroma 2 Washable paint formula overcomes this problem, providing strong colours and thick creamy body.

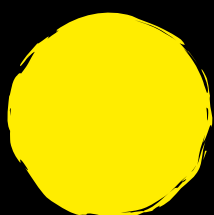

Chroma 2 can be used in schools as a total classroom resource, for **PAINTING** and **PRINTING** on all surfaces such as paper, canvas, cardboard, plaster, clay and many others.

At the secondary level, students usually progress to Chromacryl for painting, as they are old enough to develop more advanced acrylic techniques. Teachers should consider using Chroma 2 Washable for silk screen and other printing lessons, as it is so easy to clean up printing equipment and gives great results.

See the many printing techniques demonstrated at www.BravaArtPress.com

- Bright stronger colours
- Thick and creamy
- Easy clean up
- Now also WASHABLE
- Great value for money
- For all classroom paint needs
- Warm and cool primary colours
