# Face & Body PAINT

36ml bottles\*

\*Glitter colours only.

40ml jars

250ml jars

## Themed Sets

Derivan Face & Body Paint is a safe non-toxic paint for use on the face and body. It is designed as a drama and theatre paint which can also be used for fetes, fairs, children's parties and wherever face and/or body painting is required. Derivan Face & Body paint is made to the highest standards and conforms to all government regulations and requirements.

## Use

It is advisable to use Derivan Face and Body Paint over a "barrier" or hand cream on the face. Do not use on persons with sensitive skin or skin conditions. Do not apply to open wounds. Avoid contact with eyes, nasal passages or mouth as abrasive irritation may occur.

## Directions

Using a clean palette knife or other utensil, remove as much paint from the container as necessary for the session and replace lid. **Do not return unused Derivan Face & Body Paint to the container.** Place on a palette or other clean non-porous surface. Apply a barrier cream or hand cream to the skin before painting: this will make it even easier to remove Derivan Face and Body Paint from the skin. Apply Derivan Face and Body Paint with a soft brush, sponge, cotton wool or cosmetic dabber.

It is strongly advisable, if painting more than one face, to use a disposable applicator such as cotton wool and discard after each person - be careful not to re-immerses the applicator in the paint.

## Colour mixing

All colours may be intermixed to form vibrant secondary and tertiary colour mixes.

## Clean-up

Wash all utensils, brushes and hands with soap and water to clean up.

## Health & Safety

Derivan Face and Body Paint has been formulated as a safe, non-toxic paint which conforms to Australian and European Community cosmetic regulations and toxicological requirements. For further information, please download the Safety Data Sheet from our website [www.derivan.com.au](http://www.derivan.com.au).

## Removing stains

Suitable clothing should be worn as some staining may occur. We advise to wash stains out immediately with cold water and household soap, taking care not to spread the stain. Dry stains will need to be soaked overnight in lukewarm soapy water. Do not use hot water, chemical solvents or thinners. For more detailed instructions please visit the Derivan website on [www.derivan.com.au](http://www.derivan.com.au).

## Face Paint Auxiliaries

Complement your Face Paint kit with these other products available in the Derivan Face Paint range. Sold separately.
